

**LETTER FROM THE PRESIDENT & CEO
OF
METISCAN, INC.**

December 5th, 2011

Dear Shareholders,

This letter is to serve as my first corporate communication to those shareholders who have shown interest in Metiscan, Inc. ("Metiscan" or "the Company"), a Delaware corporation.

As many of you already know on June 30th, 2011 Metiscan went through a metamorphosis. Metiscan divested all of its operating subsidiaries, replaced its management team and acquired Aclor, Inc. and its wholly owned subsidiary Aclor Servicios Administrativos, S. de R.L. This event marked Metiscan's entry into the consumer and office paper converter industry with its new seasoned management team ready to execute their vision of expanding Aclor's current operations organically and through acquisition both domestically and internationally. Additionally, our vision includes building a financially strong and fully reporting public company within a respected public marketplace.

Since the change in control, we have begun executing our plan to realize our vision however, as we all know and understand, this will take sometime. With that said, I am writing this letter to outline our goals and expectations for 2012 and provide brief summary of the steps we have taken to build an international brand and showcase our company in a respected public marketplace.

The topics discussed in this letter include:

1. Overview of Metiscan and its subsidiary.
2. Name change to Aclor International, Inc. and 1:2000 Common Stock Reverse Split;
3. Capital Structure Review: Example Pre & Post-Split.
4. Form 10-12G and OTCBB;
5. Financial Overview; and
6. Goals and Expectations for 2012.

1. Overview of Metiscan and its subsidiary.

Metiscan Overview

Metiscan is a holding company focused on growing its organization organically through sales and through acquisitions within the consumer and office paper converter industry supporting private label products for mass retailers. As of the date of this letter, Metiscan has one operating subsidiary Aclor, Inc, which in turn, has one wholly owned Aclor Servicios Administrativos, S. de R.L which operates in Mexico. Metiscan is currently publicly traded on the Pink Sheets (MTIZ.PK).

Aclor, Inc. (our subsidiary):

Founded November 2, 2007, Aclor, Inc. ("Aclor") is a Laredo, Texas based Company that manufactures and sells private label three ring binders and paper to support the consumer and office supplies market primarily in the United States. Aclor has offices in Laredo, Texas, and Monterrey, Nuevo Leon, Mexico, as well as a manufacturing facility leased by Aclor's wholly owned subsidiary, Aclor Servicios Administrativos, S. de R.L., in Nuevo Laredo, Tamaulipas, Mexico. Aclor's headquarter office is located in

11204 Mcpherson Road, Suite#116, Laredo, TX 78041. We are a leader within the consumer and office paper converter industry.

2. Name change to Aclor International, Inc. and 1:2000 Common Stock Reverse Split

On October 31st, 2011, the Company's Board of Directors and majority shareholders approved the change of Metiscan's name and approved a 1 for 2,000 reverse split of our issued and outstanding common stock, which name change was further amended on November 3rd, 2011 to **Aclor International, Inc.** Metiscan's subsidiary, Aclor, Inc. (Aclor) is a supplier of goods to major retailers and numerous small to mid-sized businesses in the Americas, Asia Pacific and Europe. Changing the name of Metiscan, Inc. to Aclor International, Inc. allows our Company to establish itself as an international brand with its customers as well as within the public marketplace.

Our SEC counsel filed a certificate of amendment with the Delaware Secretary of State on November 3, 2011 for the said name change and reverse stock split. The Company also obtained a new CUSIP number that reflects both our name change and reverse split. **We originally believed the name change and reverse stock split would be effective on December 5, 2011, however, given that both are subject to FINRA's approval we have updated our expectation that approval may occur before the end of this calendar year.**

Upon the effectiveness of the reverse stock split, all earnings per common share amounts, references to common stock and stockholders' equity amounts will be restated as if the reverse stock split had occurred as of the earliest period presented. **The reverse split will affect our issued and outstanding common stock and the number of shares of common stock underlying our issued and outstanding convertible preferred stock, including Series D and Series H preferred stock. The conversion rate of Series D and Series H preferred stock will be reduced by 2000 times. The issued and outstanding number of shares and par value of these preferred stock will not be affected.**

The new registration statement provides more detailed and in-depth information about the Company and its subsidiaries. The name change, reverse split and filing of the new registration statement are all initiatives being taken by the Company's management to make the Company's stock quoted on the Over-the-Counter Bulletin Board (OTCBB).
